

Study in Scotland

Science without Borders Opportunities at Glasgow Caledonian University

Top 10 in the UK for student experience (ISB, 2012)

Lorna Campbell from Glasgow Caledonian University, Scotland will be visiting the university to provide an overview on Scotland as a study destination, the education system and what to expect as an international student in Glasgow. Lorna will also provide detailed information on the Science without Borders opportunities available at both undergraduate and PhD level and on what to expect from your Science without Borders experience at GCU. At undergraduate level GCU has over 42 programmes to choose from in areas such as Environmental Engineering, Robotics and Mechatronics, Optometry and Biomedical Sciences.
